ROLL AND SCORE™ tic-tac dice™

2602

(For 2 or more players)

Tic Tac Dice is a game of luck and strategy in which each player tries to score the most points by skillful placement of dice scores in rows on the grid.

Give each player a scoresheet and a pen or pencil (not supplied) to keep score.

OBJECT: Place dice throw numbers in a row on a grid to score points.

TO PLAY:

1. Roll the dice to determine who goes first. High roll goes first, and play continues clockwise.
2. In each turn a player is given a maximum of two rolls per turn. After the first roll, he may
   (a) stop and take that roll on his score sheet
   (b) save one and roll the other dice
   (c) roll both dice again
3. At the end of his turn, the player must place a score on his score sheet
   (a) the score he enters is the total of the dots on the dice
   (b) he may place this score in any open box on his scoresheet
   (c) once a score is placed on the grid, it cannot be changed or moved

EXCEPTIONS:

(a) final dice score of 7 does not score and the player must enter an "X" in an open box

(b) a final dice score of 2 or 12 is "wild" and the player may enter any number he wishes in any open box, except the numbers 1, 2, 7 or 12.

4. Play continues with each player taking turns and entering one number at a time until all boxes are filled (16 turns by each player).

SCORING:

1. At the end of the game, when all boxes are filled, each player will total his score as follows:

   3 in a row (horizontal or vertical) 5 points
   4 in a row (horizontal, vertical or diagonal) 15 points
   4 straight (horizontal, vertical or diagonal) 25 points

NOTE: The straight must be four numbers in sequence low to high or high to low. Example: 3, 4, 5, 6 or 6, 5, 4, 3. Numbers not in sequence (6453) cannot be scored as a straight.

2. 4 in a row or 4 straight entered on diagonals A-D or C-B earn a 10 point bonus (other diagonals do not score).
3. Enter the totals in the spaces provided (gray area) and record the final score in the lower right hand corner.

WINNING THE GAME:

The player with the highest total score wins the game.

TIC TAC DICE PLAYED SOLITAIRE:

Tic Tac Dice may also be played solitaire. Try to beat your own high score. A score of 100 is good, over 150 is excellent and over 200 is fantastic.
